# Our Story

Since 2004 Hitson Cabinets has manufactured the highest quality cabinets and wood components for your kitchen, bath and home. From our modest beginnings, we've grown into the tri-state leader known for our quality and on-time delivery.

Through continuous refinement and upgrading of equipment and techniques, we combine the best that technology has to offer along with trained and dedicated craftsmen. Our staff helps plan your project with the latest 3D software, allowing you to see your dream come to life before the first piece of wood is selected. That same software also allows our craftsmen to optimize your project with the least amount of waste in resources. We are even able to plan ahead of time to omit the natural defects that occur in even the finest materials, insuring your pride in the finished product for years to come. Sustainability and artistry now go hand in hand.

We're your friends, your neighbors and we're dedicated to be in this for the long haul. Now, the finest cabinets are available at a affordable price. We strive to exceed your expectations. Your investment is warranted to be free of defects for life.\* Let us build your dreams!

\* free from defects and workmanship to the original owner for life.

DREAMS NEVER LOOKED THIS

*“ Thanks for taking  
the time with me  
and my family to  
make our kitchen  
more enjoyable than  
we could have ever  
expected. It was  
great working with  
you all. ”*

## YOUR HOME

It embodies your lifestyle and taste, and serves as a hub of activity. It's here where memories are made and life unfolds. Let Hitson Cabinets create the backdrop with cabinetry styles and finishes that inspire and storage solutions that simplify, for a sense of home that comforts...with a range of prices that is sure to please. Quality is not only affordable, it's a bargain.

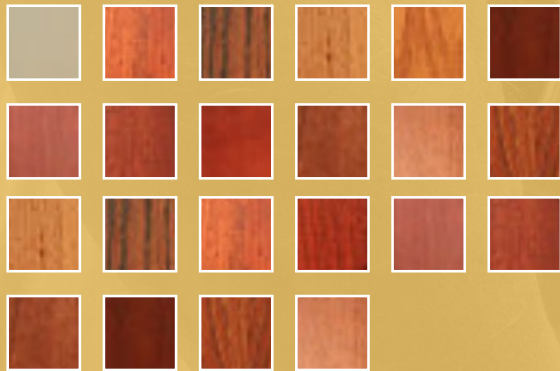

# BUILDING DREAMS

# Styled Cabinet Doors

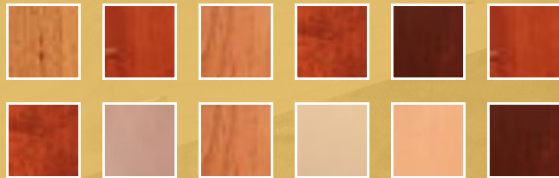

Styled (Mortise & Tenon) doors are known for strength and versatility. Mortise & Tenon construction is the most commonly used joinery for manufacturing 5-piece doors. Styled doors generally provide a "authentic" period look.

# Mitered Cabinet Doors

Featuring blind tenon construction and molded framing, our mitered designs convey a look of sophistication and are ideal for displaying multi-step finishes. Mitered doors provide a more detailed profile.

Finishes are for graphic representation only. Please check our showroom for actual finish variations and values. Custom finishes are available.
